Whereas, the City Commission, in its judgment and discretion, has the authority to adjust the budget to more closely coincide with actual and expected events.

Funding is provided to perform eligible activities as identified in the Domestic Homeland Security – Federal Emergency Management Agency National Preparedness Directorate Fiscal Year 2019 Homeland Security Grant Program (HSGP), consistent with the Department of Homeland Security State Strategy. Eligible activities are outlined in the Scope of Work for each category below:

- I. **Issue and Project Description – Issue #45** The Urban Area Security Initiative (UASI) has allowable Management and Administration (M&A) costs associated with it. The Division of Emergency Management, as the designated State Administrative Agency, will retain five (5) percent of the total UASI amount allocated to Florida for M&A purposes. These funds will provide the SAA with the means to manage and administer the UASI grant. The proper management and administration of these funds ensures that each project listed will be fulfilled, or partially fulfilled, more efficiently while remaining in compliance with the DHS Federal Fiscal Year 2019 Homeland Security Grant Program Guidance.
- II. **Categories and Eligible Activities**
FY 2019 allowable costs are divided into the following categories for this agreement: **Planning, Organizational, Exercise, Training, Equipment and Management and Administration**. Each category's allowable costs have been listed in the "Budget Detail Worksheet" above.

A. Allowable Planning Related Costs

- Operational Support to a Federal Agency.

Operational Overtime Requests:

- Except for an elevated NTAS alert, HSGP or UASI funds may only be spent for operational overtime costs upon prior written approval by FEMA. The SAA must submit operational overtime requests in writing to its assigned FEMA Program Analyst (PA). FEMA will consider requests for special event activities up to one year in advance. However, such requests must be within the award's current period of performance and must not result in the need for a request to extend the period of performance.
- All operational overtime requests must clearly explain how the request meets the criteria of one or more of the categories listed in the table above. Requests must address the threat environment as it relates to the event or activity requiring operational overtime support and explain how the overtime activity is responsive to the threat.
- Post-event operational overtime requests will only be considered on a case-by-case basis, where it is demonstrated that exigent circumstances prevented submission of a request in advance of the event or activity.
- Under no circumstances may DHS/FEMA grant funding be used to pay for costs already supported by funding from another federal source.
- States with UASI jurisdictions can use funds retained at the state level to reimburse eligible operational overtime expenses incurred by the state (per the above guidance limitations). Any UASI funds retained by the state must be used in direct support of the high-risk urban area. States must provide documentation to the UAWG and DHS/FEMA upon request demonstrating how any UASI funds retained by a state would directly support the high-risk urban area.
- FEMA will consult and coordinate with appropriate DHS components as necessary to verify information used to support operational overtime requests.

Personnel Costs (HSGP and UASI)

Personnel hiring, overtime, and backfill expenses are permitted under this grant to perform allowable HSGP planning, training, exercise, and equipment activities. Personnel may include but are not limited to training and exercise coordinators, program managers for activities directly associated with HSGP and UASI funded activities, intelligence analysts, and Statewide interoperability coordinators (SWIC).

Sub-Recipients should refer to **Information Bulletin No. 421**, Clarification on the Personnel Reimbursement for Intelligence Cooperation and Enhancement of Homeland Security Act of 2008 (Public Law 110-412 – the PRICE Act), Aug. 22, 2017. HSGP funds may not be used to support the hiring of any personnel to fulfill traditional public health and safety duties nor to supplant traditional public health and safety positions and responsibilities.

The following definitions apply to personnel costs:

- **Hiring.** State and local entities may use grant funding to cover the salary of newly hired personnel who are exclusively undertaking allowable DHS/FEMA grant activities as specified in this guidance. This may not include new personnel who are hired to fulfill any non-DHS/FEMA program activities under any circumstances. Hiring will always result in a net increase of Full Time Equivalent (FTE) employees.
- **Overtime.** These expenses are limited to the additional costs that result from personnel working over and above 40 hours of weekly work time as the direct result of their performance.

of DHS/FEMA-approved activities specified in this guidance. Overtime associated with any other activity is not eligible.

- **Backfill-Related Overtime.** Also called "Overtime as Backfill," these expenses are limited to overtime costs that result from personnel who are working overtime (as identified above) to perform the duties of other personnel who are temporarily assigned to DHS/FEMA-approved activities outside their core responsibilities. Neither overtime nor backfill expenses are the result of an increase of FTE employees.

- **Supplanting.** Grant funds will be used to supplement existing funds and will not replace (supplant) funds that have been appropriated for the same purpose. Applicants or recipients may be required to supply documentation certifying that a reduction in non-federal resources occurred for reasons other than the receipt or expected receipt of federal funds.

D. Allowable Training Related Costs (SHGP and UASI)

Allowable training-related costs under HSGP include the establishment, support, conduct, and attendance of training specifically identified under the HSGP and UASI programs and/or in conjunction with emergency preparedness training by other Federal agencies (e.g., HHS and DOT). Training conducted using HSGP funds should address a performance gap identified through an AAR/IP or other assessments (e.g., National Emergency Communications Plan NECP Goal Assessments) and contribute to building a capability that will be evaluated through a formal exercise. Any training or training gaps, including those for children, older adults, pregnant women, and individuals with disabilities and others who also have access or functional needs, should be identified in the AAR/IP and addressed in the state or Urban Area training cycle. Sub-Recipients are encouraged to use existing training rather than developing new courses. When developing new courses, Sub-Recipients are encouraged to apply the Analysis, Design, Development, Implementation and Evaluation (ADDIE) model of instructional design.

- Overtime and backfill for emergency preparedness and response personnel attending DHS/FEMA-sponsored and approved training classes
- Overtime and backfill expenses for part-time and volunteer emergency response personnel participating in DHS/FEMA training
- Training workshops and conferences
- Activities to achieve training inclusive of people with disabilities
- Full- or part-time staff or contractors/consultants
- Travel
- Supplies associated with allowable approved training that are expended or consumed during the course of the planning and conduct of the exercise project(s)
- Instructor certification/re-certification
- Coordination with Citizen Corps Councils in conducting training exercises
- Interoperable communications training

Additional Training Information

Per DHS/FEMA Grant Programs Directorate Policy *FP 207-008-064-1, Review and Approval Requirements for Training Courses Funded Through Preparedness Grants*, issued on September 9, 2013, states, territories, Tribal entities and urban areas are no longer required to request approval from FEMA for personnel to attend non-DHS FEMA training as long as the training is coordinated with and approved by the state, territory, Tribal or Urban Area Training Point of Contact (TPOC) and falls within the FEMA mission scope and the jurisdiction's Emergency Operations Plan (EOP). The only exception to this policy is for Countering Violent Extremism courses. DHS/FEMA will conduct periodic reviews of all state, territory, and Urban Area training funded by DHS/FEMA. These reviews may include requests for all course materials and physical observation of, or participation in, the funded training. If these

reviews determine that courses are outside the scope of this guidance, Sub-Recipients will be asked to repay grant funds expended in support of those efforts.

For further information on developing courses using the instructional design methodology and tools that can facilitate the process, SAAs and TPOCs are encouraged to review the *NTED Responder Training Development Center (RTDC)* website.

DHS/FEMA Provided Training. These trainings include programs or courses developed for and delivered by institutions and organizations funded by DHS/FEMA. This includes the Center for Domestic Preparedness (CDP), the Emergency Management Institute (EMI), and the National Training and Education Division's (NTED) training partner programs including, the Continuing Training Grants, the National Domestic Preparedness Consortium (NDPC) and the Rural Domestic Preparedness Consortium (RDPC).

Approved State and Federal Sponsored Course Catalogue. This catalogue lists state and Federal sponsored courses that fall within the DHS/FEMA mission scope, and have been approved through the FEMA course review and approval process. An updated version of this catalog can be accessed at: www.firstrespondertraining.gov.

Training Not Provided by DHS/FEMA. These trainings include courses that are either state sponsored or Federal sponsored (non-DHS/FEMA), coordinated and approved by the SAA or their designated TPOC, and fall within the DHS/FEMA mission scope to prepare state, local, Tribal, and territorial personnel to prevent, protect against, mitigate, respond to, and recover from acts of terrorism or catastrophic events.

- **State Sponsored Courses.** These courses are developed for and/or delivered by institutions or organizations other than Federal entities or FEMA and are sponsored by the SAA or their designated TPOC.
- **Joint Training and Exercises with the Public and Private Sectors.** These courses are sponsored and coordinated by private sector entities to enhance public-private partnerships for training personnel to prevent, protect against, mitigate, respond to, and recover from acts of terrorism or catastrophic events. Overtime pay for first responders and emergency managers who participate in public-private training and exercises is allowable. In addition, States, territories, Tribes, and Urban Areas are encouraged to incorporate the private sector in government-sponsored training and exercises.

Additional information on both DHS/FEMA provided training and other federal and state training can be found at: www.firstrespondertraining.gov.

Training Information Reporting System ("Web-Forms"). Web-Forms is an electronic form/data management system built to assist the SAA and its designated State, territory and Tribal Training Point of Contact (TPOC). Reporting training activities through Web-Forms is not required under FY 2019 HSGP, however, the system remains available and can be accessed through the FEMA Toolkit located at <http://www.firstrespondertraining.gov/admin> in order to support grantees in their own tracking of training.

FDEM State Training Office Conditions: For the purposes of this Agreement, any training course listed on the DHS approved course catalog qualifies as an authorized course. The Sub-Recipient can successfully complete an authorized course either by attending or conducting that course.

- In order to receive payment for successfully attending an authorized training course, the Sub-Recipient must provide the Division with a certificate of course completion; additionally, the

Sub-Recipient must provide the Division with all receipts that document the costs incurred by the Sub-Recipient in order to attend the course.

- In order to receive payment for successfully conducting an authorized course, the Sub-Recipient must provide the Division with the course materials and a roster sign-in sheet; additionally, the Sub-Recipient must provide the Division with all receipts that document the costs incurred by the Sub-Recipient in order to conduct the course.”
- For courses that are non-DHS approved training, Sub-Recipient must request approval to conduct training through the use of the Non-TED Form and provide a copy, along with email, showing approval granted for conduct.
- For the conduct of training workshops, Sub-Recipient must provide a copy of the course materials and sign-in sheets.
- The number of participants must be a minimum of 15 in order to justify the cost of holding a course. For questions regarding adequate number of participants please contact the FDEM State Training Officer for course specific guidance. Unless the Sub-Recipient receives advance written approval from the State Training Officer for the number of participants, then the Division will reduce the amount authorized for reimbursement on a pro-rata basis for any training with less than 15 participants.
- The Sub-Recipient must include with the reimbursement package a separate copy of the page(s) from the State (and County or Regional) MYTEP reflecting the training.

E. Allowable Equipment Related Costs (SHGP and UASI)

The 21 allowable prevention, protection, mitigation, response, and recovery equipment categories for HSGP are listed on the Authorized Equipment List (AEL). The AEL is available at <http://www.fema.gov/authorized-equipment-list>. Some equipment items require prior approval from DHS/FEMA before obligation or purchase of the items. Please reference the grant notes for each equipment item to ensure prior approval is not required or to ensure prior approval is obtained if necessary. Unless otherwise stated, all equipment must meet all mandatory regulatory and/or DHS/FEMA-adopted standards to be eligible for purchase using these funds. In addition, recipients will be responsible for obtaining and maintaining all necessary certifications and licenses for the requested equipment.

Grant funds may be used for the procurement of medical countermeasures. Procurement of medical countermeasures must be conducted in collaboration with State/city/local health departments who administer Federal funds from HHS for this purpose. Procurement must have a sound threat-based justification with an aim to reduce the consequences of mass casualty incidents during the first crucial hours of a response. Prior to procuring pharmaceuticals, grantees must have in place an inventory management plan to avoid large periodic variations in supplies due to coinciding purchase and expiration dates. Grantees are encouraged to enter into rotational procurement agreements with vendors and distributors. Purchases of pharmaceuticals must include a budget for the disposal of expired drugs within each fiscal year's period of performance for HSGP. The cost of disposal cannot be carried over to another FEMA grant or grant period.

The equipment, goods, and supplies (“the eligible equipment”) purchased with funds provided under this agreement are for the purposes specified in “Florida’s Domestic Security Strategy”. Equipment purchased with these funds will be utilized in the event of emergencies, including, but not limited to, terrorism-related hazards. The Sub-Recipient shall place the equipment throughout the State of Florida

in such a manner that, in the event of an emergency, the equipment can be deployed on the scene of the emergency or be available for use at a fixed location within two (2) hours of a request for said deployment. The Florida Division of Emergency Management (FDEM) must approve any purchases of equipment not itemized in a project's approved budget in advance of the purchase.

The Sub-Recipient will, in accordance with the statewide mutual aid agreement or other emergency response purpose as specified in the "Florida Domestic Security Strategy," ensure that all equipment purchased with these funds is used to respond to any and all incidents within its regional response area as applicable for so long as this Agreement remains in effect. Prior to requesting a response, the FDEM will take prudent and appropriate action to determine that the level or intensity of the incident is such that the specialized equipment and resources are necessary to mitigate the outcome of the incident.

F. Disposition

When original or replacement equipment acquired under a Federal award is no longer needed for the original project or program or for other activities currently or previously supported by a Federal awarding agency, except as otherwise provided in Federal statutes, regulations, or Federal awarding agency disposition instructions, the Sub-Recipient must request disposition instructions from FDEM Office of Domestic Preparedness and the State Administrative Agency will request disposition instructions from Federal awarding agency as required by the terms and conditions of the Federal award. The Sub-Recipient shall notify the FDEM Office of Domestic Preparedness at: 2555 Shumard Oak Blvd., Tallahassee, Florida 32399 one year in advance of the expiration of the equipment's posted shelf-life or normal life expectancy or when it has been expended. The Sub-Recipient shall notify the FDEM immediately if the equipment is destroyed, lost, or stolen.

G. Requirements for Small Unmanned Aircraft System (SHSP, UASI, and OPSG)

All requests to purchase Small Unmanned Aircraft Systems (SUAS) with FEMA grant funding must comply with **IB 426 and IB 438** and include a description of the policies and procedures in place to safeguard individuals' privacy, civil rights, and civil liberties of the jurisdiction that will purchase, take title to or otherwise use the SUAS equipment.

H. CYBERSECURITY

Sub-Recipients must use HSGP funds for cybersecurity projects that support the security and functioning of critical infrastructure and core capabilities as they relate to terrorism preparedness and may simultaneously support enhanced preparedness for other hazards unrelated to acts of terrorism.

I. Law Enforcement Readiness (SHSP, UASI, and OPSG)

OPSG grant funds may be used to increase operational, material, and technological readiness of SLTT law enforcement agencies. The Delegation of Immigration Authority, Section 287(g) of the Immigration and Nationality Act (INA) program allows a state or local law enforcement entity to enter into a partnership with ICE, under a joint Memorandum of Agreement (MOA), to receive delegated authority for immigration enforcement within their jurisdictions. SHSP, UASI, or OPSG grant funds may be requested and may be approved on a case-by-case basis for immigration enforcement training in support of the border security mission. Requests for training will be evaluated on a case-by-case basis and can only be used for certification in the section 287(g) program provided by DHS/ICE. SHSP, UASI, or OPSG Sub-Recipients with agreements under section 287(g) of the Immigration and Nationality Act (8 U.S.C. § 1357(g)) to receive delegated authority for immigration enforcement within their jurisdictions may also be reimbursed for section 287(g) related operational activities with approval from FEMA on a case-by-case basis. For OPSG, Sub-Recipients must be authorized by USBP Headquarters and Sectors, and operational activities must be coordinated through a USBP Sector. 47

J. Maintenance and Sustainment (SHSP, UASI, and OPSG)

The use of DHS/FEMA preparedness grant funds for maintenance contracts, warranties, repair or replacement costs, upgrades, and user fees are allowable, as described in FEMA Policy FP 205-402-125-1 under all active and future grant awards, unless otherwise noted. Except for maintenance plans or extended warranties purchased incidental to the original purchase of the equipment, the period covered by maintenance or warranty plan must not exceed the POP of the specific grant funds used to purchase the plan or warranty.

Grant funds are intended to support the Goal by funding projects that build and sustain the core capabilities necessary to prevent, protect against, mitigate the effects of, respond to, and recover from those threats that pose the greatest risk to the security of the Nation. In order to provide recipients the ability to meet this objective, the policy set forth in FEMA's IB 379, Guidance to State Administrative Agencies to Expedite the Expenditure of Certain DHS/FEMA Grant Funding, initially for FY 2007-2011, allows for the expansion of eligible maintenance and sustainment costs which must be in (1) direct support of existing capabilities; (2) must be an otherwise allowable expenditure under the applicable grant program; (3) be tied to one of the core capabilities in the five mission areas contained within the Goal, and (4) shareable through the Emergency Management Assistance Compact. Additionally, eligible costs may also be in support of equipment, training, and critical resources that have previously been purchased with either federal grant or any other source of funding other than DHS/FEMA preparedness grant program dollars.
